COTTON BALL SCOOP

WORKS BEST

When 3 people to go up the front and participate. Can be done in front of any size group.

NEEDS

- 3 large bowls filled with cotton balls.
- 3 empty bowls.
- 3 blindfolds.
- 3 large spoons
- A table for the bowls.

THE GAME

This is a fun game to participate in and watch and can be used with any sized group.

Choose 3 players and blindfold each. Give each player 30 seconds to transfer as many cotton balls as they can from the full bowl to the empty one. Players are only allowed to use the one arm holding the spoon and can only use the spoon (i.e. not their fingers). The other hand is to go behind their back.

This game is fun for the audience as the players think they are transferring cotton balls when they are lifting and moving nothing.
